THE LEADER IN LADDERS

Confer Security

Confer Plastics promotes security and safety by including a padlock with every A-Frame ladder and gate we manufacture. All products include applicable warning labels and instructions to alert the swimmer of the appropriate way to use the ladder or step. However, it is important that everyone understands - there is no substitution for adult supervision.

NEW for 2009 from Confer Plastics . . .

Featuring the new Roll-Guard Barrier which prevents unauthorized pool entry when in the closed position and restricts access behind the ladder when in the open position. The Roll-Guard Barrier's unique roll-up-and-down design (similar to a garage door) eliminates the need to flip up or spin the outer treads of the ladder to restrict access.

Model 7200

Roll-Guard A-Frame Safety Ladder (Model 7200)

Standard features of the Roll-Guard Ladder:

- Aesthetically pleasing contemporary design in beautiful warm gray color to complement today's brown or gray tone pools
- Large 5 inch x 18 inch wide Comfortreads
- Curved side rails designed with strength in mind
- Inner side rails include integrated side barriers to prevent entry behind the ladder
- Easy assembly with minimal hardware
- Adjusts to fit pools 48" to 56" tall
- Lockable Roll-Guard Barrier (lock included)
- Extra-large top platform
- Just fill side rails with water to prevent floating, no sand or bricks needed
- Fits pool top seats up to 14 inches wide
- Weight guideline: 300 lbs.
- Five year pro-rated warranty

Patents Pending

Model 6100B

Includes ANSI/APSP REQUIRED BARRIER

Evolution Inpool Ladder

- Economical, full-featured inpool ladder
- Fits decks up to 54" high
- Snap-lock treads for quicker, easier assembly

- Weight guideline: 250 lbs.
- One year full warranty
- Optional EB100 extension kit available

Innovative Solutions From the Leader in Ladders

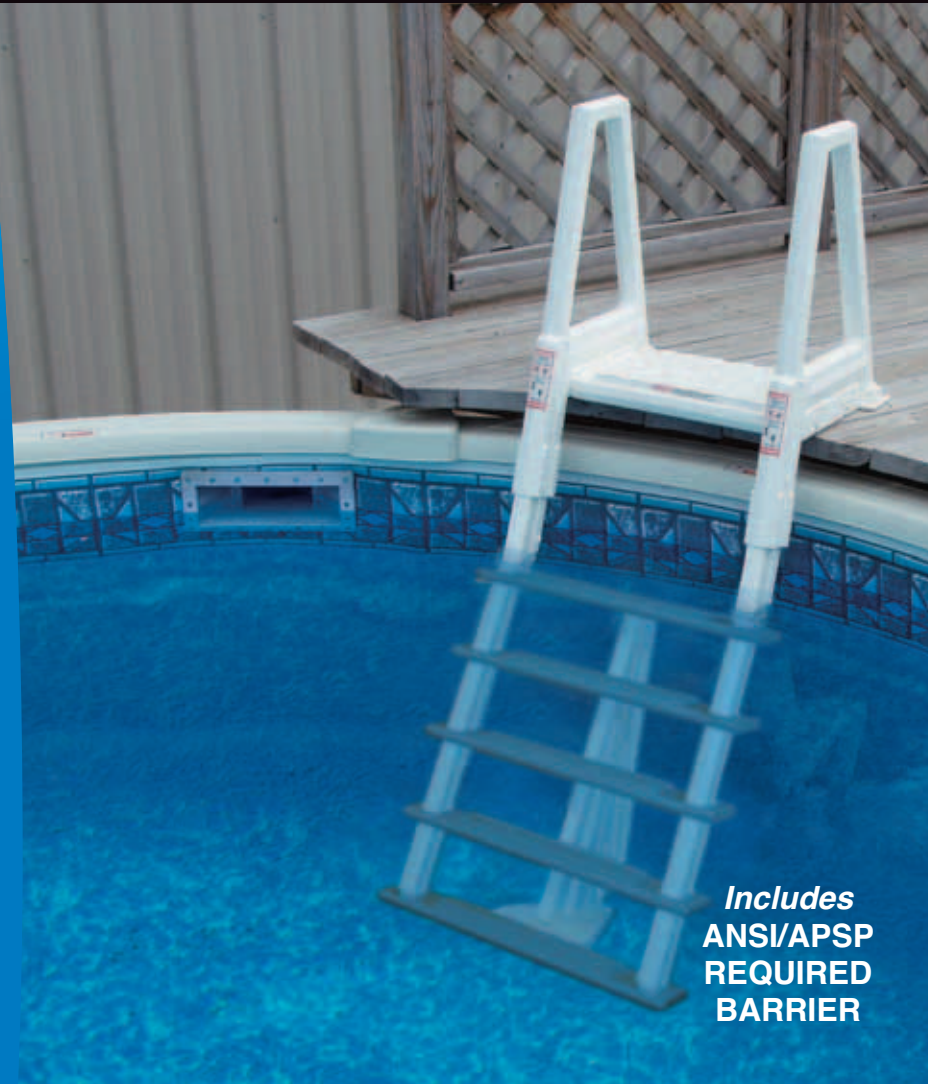

With over 35 years of experience, Confer Plastics leads the industry with pool and spa products that offer features and designs you won't find anywhere else. In fact, we made the first all-plastic pool ladder! We've put that experience to work to develop the best line of above ground pool ladders on the market.

Featuring products such as the revolutionary Pool Entry System and Confer-Step, we continue to provide a wider selection of models than our competition. These systems were carefully designed to provide safety and ease-of-use when entering and exiting the pool, perfectly suited to elderly or handicapped swimmers.

So take a look at what our innovations offer, and you'll see why Confer Plastics is the leader in ladders.

Model 6000B

**Includes
ANSI/APSP
REQUIRED
BARRIER**

Heavy-Duty Inpool Ladder

- Five large treads
- Treads measure 5" x 18" wide
- 22" high handrails; 9-1/2" span

- Treads measure 5" x 18" wide
- Five year pro-rated warranty

**Convertible to
Inpool Ladder
using #CK100 kit
– sold separately.**

Models 7100B and 7000B include required **ANSI/APSP** anti-entrapment barrier.

Confer Step

Confer-Step
Designed for easy pool entry

Model #STEP-1

- Inpool Step for 48" to 58" pools and decks
- Easy, snap-together assembly
- Large, flat steps each with 270 square inches of surface area
- Compact packaging – can be shipped by UPS-FEDEX
- Includes mounting brackets to fasten to deck
- Side openings help to reduce algae growth under unit
- Weight guideline: 400 lbs
- Five year pro-rated warranty
- Requires 40 pounds of sand for installation

Note: The Confer-Step is designed for use in flat-bottom pools only. Our Pool Entry System can be adjusted to fit most dished-bottom pools.

- Specs:
- Projection into pool 32"
 - Height to top step.....45"
 - Width..... 31"
 - Step dimension..... 10" x 27"
 - Riser height..... 11"
 - Handrail height.....38" from top step

Specs subject to change without notice. (all specs are approximate)

Model 8000

Model 8000 Entry Ladder
Economical Entry/Exit System

Model #8000 Entry Ladder

- When combined with #Step-1 it forms an economical Entry/Exit System for 48" to 54" pools
- Outside treads swing up into an upright position for security
- 18" wide: 22"high handrail, 9-1/2" span
- Weight guideline: 300 lbs.
- Cable lock included

To make the complete Entry/Exit System you will need to purchase both:
(1) #8000 Entry Ladder
(1) #Step-1
(total of 2 cartons)

Enclosure System

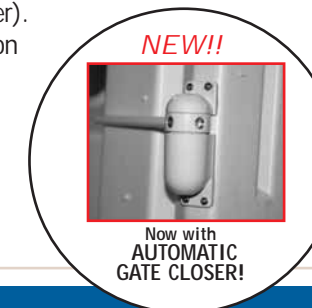

Confer-Step Enclosure System

The Enclosure System provides security first, by enclosing the steps with pickets, and secondly, with its self-closing, self-latching gate. It meets current BOCA codes and satisfies most building inspectors.

Model #Step-Enc

Allows two #Step-1 units to be joined together, enclosed, and gated to restrict access by small children. Kit consists of connecting step, connecting rails, enclosure pickets and rails, and a self-closing, self-latching gate (includes automatic gate closer).
Note: For best results place outside step units on level patio blocks.

To make the complete system you will need:
(2) #Step-1 units (2 cartons)
(1) #Step-ENC kit w/gate (2 cartons)
(total of 4 cartons)

Pool Entry System

An excellent system for safety and convenience.

- Meets ANSI/APSP standards
- Adjusts to fit 48" to 54" pools and decks
- Adjusts to fit most uneven or dished-bottom pools
- Top step covers the pool top seat in most installations
- Easy assembly; no metal parts
- Does not attach to pool
- Side openings help to reduce algae growth under unit
- Excellent for elderly, slightly handicapped, or heavy swimmers
- Non-slip step surfaces
- Large, flat steps each with 270 square inches of surface
- Includes deck connector
- Fills with water to prevent floating; no sand needed
- Weight guideline: 400 lbs.
- Five year, pro-rated warranty
- Includes Automatic Gate Closer

Pool Entry System Specifications:

- Projection into pool 36"
 - Width 31"
 - Step dimension 10" x 27"
 - Riser height 11"
 - Handrail height 32" from top step
- Specifications subject to change without notice.
(all specifications are approximate)

Gate Specifications:

- Height of gate 58"
- Width of gate 27"
- Height of latch 57"
- Gate is self closing self latching
(all specifications are approximate)

Available in following configurations:

- Model #PES-1 - Individual Entry System for use off of a deck
- Model #PES-DBL - Two Entry Systems with gate for use on pools without a deck

The Confer-Step offers elderly and heavier swimmers an alternative to the Inpool or A-Frame ladders, making access to the pool easier.

New Features

The all new Automatic Gate Closer from Confer Plastics is piece of mind for you and your family. The Gate Closer is included with our gate system that is offered for the Pool Entry System and our popular Step-1 above ground pool steps.
